All interested persons will be given an opportunity to be heard at the Public Hearing. With reasonable notice the City will provide appropriate auxiliary aids and services when necessary to afford individuals with disabilities an equal opportunity to participate in the Public Hearing.

Dated this 18th of December

Publication Date: December 26, 2019
January 2, 2020
The City of Wisconsin Dells has received a Conditional Use Permit application from RRAD Development LLC to allow Overnight rentals at their duplex property 1007 & 1009 Oak St. (Parcel 11291 467.A). This property is in the C-1 Commercial-neighborhood Zoning District, which requires a Conditional Use Permit per the City of Wisconsin Dells zoning code.

As an existing home this use should not have any significant effect on traffic flow, the natural environment or future development of the area. This house is at the edge of the applicant existing motel property on the River Rd., but is accessed from Oak St. To the west and of this property is the River Inn Resort property. To the south is vacant ravine land. Across Oak St. to the east is a home.

Overnight vacation rentals of single family or two-family (duplex) properties present similar issues as employee housing facilities. The existence and extent of these issues lies primarily in the management of the property. If this house were to be a “party house”, it could create a substantial nuisance to surrounding properties and create issues for the City. This property is owned and operated by the owner and operator of the existing River Inn Resort property. It has been the experience of the City that vacations homes near and operated by existing overnight lodging operators generally do not create the common nuisance issues associated with overnight rentals by individual home owners. Operators of motels hotels generally have a business infrastructure in place (i.e. on-site management and maintenance staff) that helps ensure their facilities are property managed and maintained.

This property is a two-family residence, or a duplex. So there will be two separate rental units. The building inspector will perform a pre-inspection and verify the units meet the occupancy standards. Annual inspection will be performed by that State as part of their licensing process. This approval will carry the on-going condition that occupancy of the facility complies will all applicable codes, standards and requirements.

As this house is going to be rented as part of the River Inn Resort, occupants would have access to the River Inn parking lots if required.

As a commercial rental, the applicant shall pay PRT & room tax on the rental of the commercial unit. The applicant shall provide the City with their identification numbers and clearly report the tax payments for this facility to the city.

The applicant for this property intends to book short term rentals of this facility through their existing booking at the River Inn. The River Inn staff manage the property, and will be responsible to correct any nuisances that may occur on the property. It should be made clear to the applicant that violation of conditions, poor management of the facility, or the creation of nuisances from this overnight use will result in revocation of the use permit. At a minimum, if
the facility is cited as a “Chronic nuisance property”, if the applicant does not address the nuisances to the satisfaction of the City.

Due to the relative uniqueness of this use in the City, the issues this use has caused in the Village of Lake Delton, and the importance of the management of the use it may still be prudent for the granting of this permit to be non-transferrable and any new owner or operator of the property will have to obtain a new CUP.

As such, approval of this CUP should carry the following contingencies:

1. The building inspector ensures there are no code or safety issues with the house.
2. The occupancy meets and maintains the minimum standards as verified by the building inspector.
3. The applicant obtains and remains current with a State of Wisconsin ATCP Tourist Rooming House license.
4. The overnight rental of the house will be subject to PRT & room tax and the applicant is responsible for providing clear accounting of the rental of this property.
5. Any nuisances are addressed to the satisfaction of the City, including but not limited to noise, maintenance, and parking. Failure to address nuisances to the City’s satisfaction can cause this permit to be revoked.
6. Applicant abide by the following restrictions:
   a. Owner provides current, local, primary contact information to the Police Department and housing Office.
   b. Renters sign an agreement not to cause excessive noise, not to trespass on neighboring property, and not to cause any other nuisance
   c. This permit is non-transferrable, any new owner or operator of the property will have to obtain a new Overnight Lodging permit.

**Reimbursement Agreement for Application Review Costs**

A. **Payment for Eligible Costs.**

By submitting this application for review, the applicant agrees to pay all administrative costs incurred by the City in the processing, study, and review of the application including costs for planning, legal, engineering, and related services, referred to herein as eligible costs.

B. **Guarantee of Payment.**

To guarantee reimbursement, the applicant shall submit one of the following along with this application:

1. an irrevocable letter of credit in the name of the City in an amount as set by the zoning administrator; or
2. a cash deposit in an amount as set by the zoning administrator.

If a cash deposit is used to guarantee reimbursement, the City will periodically deduct from the cash account such amounts necessary to pay for eligible costs and submit a written statement to the applicant. If a letter of credit is used, the applicant agrees to pay such amounts as invoiced within 7 days of the invoice date. An interest rate of 1½ percent shall be charged on invoices not paid within 30 days of the invoice date. The City shall access the letter of credit to pay for overdue invoices, including late penalty charges, and submit a written notice to the applicant.

If remaining monies in the cash account are insufficient to pay for current and reasonably anticipated eligible costs, the applicant agrees to deposit additional monies into the cash account in an amount as set by the zoning administrator. If the principal amount of the irrevocable letter of credit is insufficient to pay for current and reasonably anticipated eligible costs, the applicant agrees to submit a second letter of credit in an amount as set by the zoning administrator. The applicant may withdraw this application prior to final action by the City Council by submitting a written letter to the City. Upon such notice, the City shall cease all work related to the review of the application. However, withdrawal of this application does not terminate this reimbursement agreement.

If the applicant does not pay for eligible costs, the City Clerk/Treasurer shall add the outstanding balance to the tax roll as a special assessment against the subject property. In addition, the City may pursue other legal means to obtain the outstanding balance as allowed by law.

C. **Termination of Guarantee.**

If a cash deposit is used to guarantee reimbursement, the City agrees to reimburse the applicant any unused monies in the cash account, including earned interest, within 60 days of the date when the City Council takes final action on the application. If a letter of credit is used, the City shall send a written letter to the applicant releasing the applicant from the letter of credit when all outstanding invoices have been paid.

The City of Wis. Dells has received a Conditional Use Permit (CUP) application from RRAD Development LLC for a Seasonal Workforce Housing Facility at 175 Sweet Briar Dr., Sauk County, City of Wisconsin Dells parcel 291-0190-00000.

The applicant had been utilizing the Continental Motel at 2020 Wisconsin Dells Parkway for Seasonal Employee Housing for a past number of years. When applying to utilize the old motel for housing in 2019 the applicant had stated that they did not intend request another CUP for housing at 2020 Wisconsin Dells Parkway after the 2019 season. The applicant has stated that they still required some housing and are pursuing alternate locations.

This application is for a building within the American World Campground and RV Resort. This building is not part of the American World Resort. This building will be used to house employees of the American World Resort.

Current City Ordinance requires 50 sq ft per person in the sleeping room. The City has encouraged new facilities to provide more space per person in facilities that contain only sleeping quarters, such as a motel. However, consideration has been given for homes with separate living and dining space to allow closer to 50 square feet in the sleeping rooms. The applicant has indicated they would like to rent to 14 seasonal employees. The building code allows a maximum of 15 occupants in a single family home before the structure must comply with the commercial building code.

The applicant has submitted a rough sketch of the floorplan, and it appears some of the rooms are close to the minimum size requirement. There is a separate kitchen and dining/living room on the first floor and the basement appears to have a large rec. room area that could be utilized. It is expected that the building inspector will verify the appropriate occupancy during inspection, and the applicant will comply.

City standards require 1 parking stall for each 400 sq ft in each sleeping room. This house has three (3) sleeping rooms with less than 400 sq ft each. So the requirement would be for 3 parking stalls. The applicant has indicated there are 4 parking stalls in front of the house. It is also noted that the applicant owns and operates a RV park adjacent to the house, with significant amount of parking areas adjacent to the house. As such, there appears to be plenty of spaces to provide extra parking for this housing, if necessary. It is normal for the use to be allowed, with the condition that if any parking issues arise, the applicant will take the necessary steps to address them.

City standards require at least 1 bathroom for every 6 occupants. The applicant as indicated that there are three (3) bathrooms in the house, which would accommodate 18 occupants.

The City has required full second exits be installed in houses that are proposing to have more than four (4) occupants sleeping above the first floor. The applicant has indicated that there will be four (4) occupants on the second floor. A standard single family home is considered to be four (4) occupants, and a standard home only requires egress windows from each sleeping on the second floor. As such, egress windows from each sleeping room would seem adequate for up to four (4) occupants.
It is noted that this facility appears to have a second floor door to a second floor porch, which is better than just an egress window.

As with any other lodging facility, the management of the facility is of the utmost importance. The fact that the applicant operates a resort around the house eases the concern of potential nuisances. The applicant must ensure that the facility does not become a chronic nuisance. Even if nuisances are resolved immediately, the re-occurrence of nuisances would be considered a sign of poor management and grounds for revocation of any permit that may be granted. Any approval should be contingent on the applicant continuing to operate the Resort and this Seasonal Employee Housing facility.

It should be clear that if they intend to rent year round that could involve multiple inspections, with additional inspection fees. These inspections would be to ensure that the facilities are not allowed to degrade throughout the year. It should also be required that if the facility is to be rented in the winter months, the facility must be in compliance with the state rental weatherization program.

Any permit issued for a Seasonal Workforce housing Facility is contingent on continued diligence to the proper management of the facility. If the facility is deemed to become a nuisance to the neighborhood, the permit may be revoked.
It should also be noted that any approval of the Seasonal Workforce Housing Facility use is granted solely to the current applicant, and cannot be transferred to another party. Any sale of the property will immediately terminate the permit, and any subsequent operator will be required to obtain a separate CUP for this facility.

Approval of this application come with the following Conditions:

1. The building inspector ensures there are no code or safety issues with the house.
2. The occupancy meets the minimum standards as verified by the building inspector.
3. This permit is valid only with the applicant and is non-transferrable.
4. A full second exit is installed on the second floor if the occupancy exceeds four (4) occupants on the second floor.
5. If any parking concerns arise, the applicant cooperates with the City to have them resolved.
6. If maintenance and supervision of the facility is not maintained at a satisfactory level, as determined by the City is its sole judgment, citations may be issued immediately and the permit may be revoked.
7. Any issues that may arise must be addressed to the satisfaction of the City.

Zoning Discussion

1/13/2012 Plan Commission Meeting

Zoning Map Error

R-9 Residential – mobile home park

It has been recently discovered that the R-9 Residential – mobile home park Zoning District includes properties that are not in a mobile home park.

The R-9 District was newly created in 2007 and it is assumed this was an error in the original drawing of that Zoning Map.

It is proposed to amend the Zoning map so that properties outside of the mobile home park are zoned consistently with the other neighboring properties not in the mobile home park.

There is also some property that was previously State Highway 13 Right-of-Way that was purchased form the State. The Zoning Map should be updated to give this property the same Zoning designation as the adjoining property.

There was a public hearing on these proposed changes at the December 9th meeting of the Plan Commission. During the December public hearing, some affected property owners made reasonable requests for additional information. As such, this proposed Zoning change was tabled so that information could be provided.

The property owners were given the information requested, and have not expressed any additional concerns to date. Those property owners were sent a notice of this public hearing in January, and it is hoped that action can be taken at the January 13, 2020 meeting.

The following parcels are proposed to be zoned R-3 Residential-mixed Use: 11291-740, 11291-852.1, 11291-852.B, and a portion of 11291-710

The following parcels are proposed to be zoned C-1 Commercial Neighborhood: 11291-907.3, 11291-908.1, and a portion of 11291-1008.4.

Parcel 11291-1008.4 was created recently, by combining parcels 11291-893.01 and the north portion of 11291-1008.3.

Short Term Rental  
Vacation rental of Residential Property  
Staff report for 01/13/2020

The City of Wisconsin Dells has received a Short Term Rental application from Anna Hutchinson to allow Short Term Rental of the home she owns at 1551 Deer Run Ridge (Parcel 11291 1534). This property is in the R-1 Residential-single family Zoning District, which permits Short Term Rental as an Accessory Use, no Zoning permit or Conditional Use Permit (CUP) is required Per City of Wisconsin Dells zoning code. City Ordinance does require an annual Short Term Rental license.

The State of Wisconsin recently passed a Statute limiting the ability of local communities to prohibit Short Term Rentals of residences. In May of 2019 updated the City Zoning Code to create the “Short Term Rental” land use, and permit it, by-right, as an accessory use of a dwelling unit. The City of Wisconsin Dells also updated the License Ordinance Chapter 16 to require an annual license for Short Term Rental, which limitations, in accordance with the new State Law.

The City placed the following limits on the issuance of a Short Term Rental license:

1) The property must be a dwelling unit utilized by the owner as a Primary or Secondary residence
2) Short Term Rentals are only allowed for 180 consecutive days (6 months) in any year (owner may specify which 6 consecutive months they will do Short Term Rentals).  
3) Each Short Term Rental must be for a minimum of seven (7) days (maximum 30 days).

As part of the application submittal, the applicant must submit an “Acknowledgement and Affidavit of Residence” stating the property is their Primary or Secondary residence and that they understand the limitations on the Short Term Rental of residential property in Wisconsin Dells.

This applicant has stated that they intent to utilize the property for their personal use as a second home for approximately 20% of the year. They will rent the property as a Short Term Rental from mid-April to Mid-September.

“Short Term Rentals” are much like “Overnight Lodging” and present similar issues, such as those with employee housing facilities. The existence and extent of these issues lies primarily in the management of the property. If this house were to be a “party house”, it could create a substantial nuisance to surrounding properties and create issues for the City. The applicant is the owner and operator of existing overnight lodging business. It has been the experience of the City that vacations homes operated by existing overnight lodging operators generally do not create the common nuisance issues associated with overnight rentals by individual home owners. Operators overnight lodging businesses generally have a business infrastructure in place that helps ensure their facilities are property managed and maintained.

This property is a large residence, with six (6) bed rooms and five (5) bathrooms and appears to be capable of handling 28 occupants. The applicant has stated they intend to advertise the property for
16 occupants, but know some groups may show up with extra people. The building inspector will perform a pre-inspection and verify the units meet the occupancy standards. A Fire Inspection has already been performed on the property, with no significant issues identified. Annual inspection will be performed by that State as part of their licensing process. This approval will carry the on-going condition that occupancy of the facility complies will all applicable codes, standards and requirements.

There is a large circular driveway and 3-car garage at this house. The ordinance requires 11 parking stalls, and there appears to be enough room to accommodate this number of parking stalls.

As a commercial rental, the applicant shall pay PRT & room tax on the rental of the commercial unit. The applicant shall provide the City with their identification numbers and clearly report the tax payments for this facility to the city.

The applicant for this property intends to book short term rentals of this facility through their existing booking system for the Log Gables. The owner/applicant and Log Gables staff will manage and maintain the property, and will be responsible to correct any nuisances that may occur on the property. It should be made clear to the applicant that violation of conditions, poor management of the facility, or the creation of nuisances from this overnight use will result in revocation of the use license. At a minimum, if the facility is cited as a “Chronic nuisance property”, and if the applicant does not address the nuisances to the satisfaction of the City, this will be considered grounds to terminate the license.

As such, approval of this license should carry the following contingencies:

1. The building inspector ensures there are no code or safety issues with the house.
2. The occupancy meets and maintains the minimum standards as verified by the building inspector.
3. The applicant obtains and remains current with a State of Wisconsin ATCP Tourist Rooming House license.
4. The overnight rental of the house will be subject to PRT & room tax and the applicant is responsible for providing clear accounting of the rental of this property.
5. Any nuisances are addresses to the satisfaction of the City, including but not limited to noise, maintenance, and parking. Failure to addresses nuisances to the City’s satisfaction can cause this permit to be revoked.
6. Applicant abide by the following restrictions:
   a. Owner provides current, local, primary contact information to the Police Department and Zoning Office.
   b. Renters sign an agreement not to cause excessive noise, not to trespass on neighboring property, and not to cause any other nuisance

Certified Survey Map (CSM)
Staff report for Plan Commission 1 13 2020

The City has received a Certified Survey map from Eugene & Renee Morse for property they own at 1501 Pleasant View Dr. This property is zoned R-1 Residential-single family.

This property currently exists as three (3) separate lots, with a home on one lot, a detached garage on the middle lot, and a vacant lot at the end. This CSM will actually combine the property into two (2) lots, bringing the home and garage onto the same lot and created a larger vacant lot which could be sold and or used for a future building site.

Both properties appear to meet all lot dimensional standards.

There is an existing gravel drive that accesses the garage from the vacant lot. It is understood that if the vacant lot is sold it is between the two (2) private parties on how to handle the existing gravel access road.

If the existing access road is removed and a new drive is created, the new drive shall comply with the applicable motor vehicle use set-backs. The current motor vehicle set-back is 5 ft.
